Iron Mound.

Our efficient physician Dr. T. J. Berryman reports a great deal of sickness, and several cases of typhoid fever.

Robt. Henderson is preparing to move to Jessamine county in a few days, and the good wishes of the people will go with him and family to their new home.

A Mr. Webb, of Oklahoma, is visiting friends and relatives at Iron Mound. Mr. Webb is a brother of James Stone's wife, and a former resident of this place.

Well, we were so busy last week we had no time to get around and get the news, and consequently failed to get in any, but will try and send in our little contribution every week hereafter.

J. W. Elkin, Iron Mound's general merchant, lost his cow last Saturday, and we, as well as all

others who have families and have had the experience of being without a milk cow, can sympathize with him.

A Mr. Suthers, of Middlesboro, has contracted for the Wm. Webb farm and will move in two or three weeks. We understand he is a wide-a-woke, genial, enterprising gentleman and we welcome him to our midst. I. M. D.

Cob Hill.

Ancil D. Rodgers is married.

Rail road ties and hauling is all the go on Cob Hill.

Dr. J. W. L. Seay sold a nice cow and calf to C. G. Rogers for \$30.

Hood Howell, of Miller's creek, visited relatives at Cob Hill over Saturday night.

Luther Snowden is contemplating moving to Big Sinking where he will keep a boarding house.

Hogs are scarce in this vicinity and meat and lard is getting

high. Gee whizz what will we do?

Miss Pricie McIntosh, of Knowlton, K., paid her Cob Hill friends a flying visit Monday and Tuesday.

Born, to the wife of Elihn Lee on the 10th inst. a ten pound boy. Mother and child getting along well.

There will be preaching at Cob Hill Saturday and Sunday. Rev. Pete Legg, of Torrent, Wolf Co., will conduct the services.

We were glad this town was visited last Sunday eve by Mr. Clifton Ewens, of Slade, Ky., but no one seemed to be more delighted than Miss Nannie Hall.

We are glad to note that Mat Abney and family, who spent a week visiting relatives in Powell county, returned home safe, and they say they had a pleasant trip.

This being the first correspondence from Cobb Hill to the CLAY CITY TIMES, I trust that no one will be surprised, but that the readers of the paper may be pleased to hear from this point.

There are several in this vicinity who contemplate going to Louisville next week to attend the Grand Lodge meeting which will convene Oct. 21, and the merchants while there will buy their stock of winter goods.

Cob Hill is a beautiful little town, located on the mountain that has long since been called Cob mountain. We have located in this town a saw and grist mill which is managed by that hustler Robert Reed, and a black smith shop which is carried on by that striving John Reed, and a post office which is supplied with mail each day from Irvine via Miller's Creek; and we also have located in this town two stores that always carry a general line of merchandise from the smallest article to the largest.

One of these stores is located on Wall street and is managed by that ever-wide-a-woke, stirring and energetic man called A. D. Howell with his benevolence and kindness he invites his many customers to call and see his stock of goods which is always placed and kept in the most perfect order. Just give him a call and see if I am telling the truth.

The other store is located on Green street and is run by that energetic business man G. R. Snowden, who, with all his courtesy, invites his many customers in to look at his stock of goods which is always kept in perfect order. Give him a call too.

The young women members of

the Clerk's Union in St. Paul Minn., have completed arrangements for an organization of a league the fundamental principles of which is that members shall refuse to receive attentions from any save properly accredited union men. The promoters of the league are firm believers in unionism, and hold "that a union built for two should be loyally affiliated with a union standing for decent hours and proper compensation."

Out Of Death's Jaws.

"When death seemed very near from a severe stomach and liver trouble, that I had suffered with for years," writes P. Muse, Durham, N. C., "Dr. King's New Life Pills saved my life and gave perfect health. Best Pills on earth and only 25c at Clay City Lbr. & Stave Co."

Sample Negro Voters.

The intelligence of the average negro voter was fairly illustrated in Virginia last week when three colored applicants for registration gave the following queer answers to questions propounded: When asked what the General Assembly was, one negro said it was "yon three gentlemen." Another thought it was "a place in the woods where they went to worship the Lord." A third negro was asked to explain the freedom of the press, when he replied, "When you get in a crowd, shove as much as you please."

America's famous Beauties.

Look with horror on skin Eruptions, Blotches, Sores, Pimples. They don't have them, nor will any one, who uses Bucklen's Arnica Salve. It glorifies the face. Eczema or Salt Rheum vanish before it. It cures sore lips, chapped hands, chilblains. Infallible for Piles 25c at Clay City Lbr. & Stave Co.

A good many oil operators are now devoting their attention to Leslie county, which they regard as a promising field. The county will be thoroughly tested at an early date, and much of the territory is already under lease.

Goes Like Hot Cakes.

"The fastest selling article I have in my store," writes druggist C. T. Smith, of Davis, Ky., "is Dr. King's New Discovery for Consumption, Coughs and Colds, because it always cures. In my six years of sales it has never failed. I have known it to save sufferers from Throat and Lung diseases, who could get no help from doctors or any other remedy." Mother rely on it, best physicians prescribe it, and Clay City Lbr. & Stave Co., guarantee satisfaction or refund price Trial bottles free. Regular sizes, 50c and

The Republicans are making their usual bluff about carrying the Tenth district, but when the votes are counted, Frank Hopkins will be the winner.—Lexington Democrat.

His Life in Peril.

"I just seemed to have gone all to pieces," writes Alfred Bee, of Welfare, Tex., "biliousness and a lame back had made life a burden. I couldn't eat or sleep and felt almost too worn out to work when I began to use Electric Bitters, but they worked wonders. Now I sleep like a top, can eat anything, have gained in strength and enjoy hard work." They give vigorous health and new life to weak, sickly, run-down people. Try them. Only 50c at Clay City Lbr. & Stave Co.

The art of life is to know how to enjoy little and endure much.

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

ANNOUNCEMENTS.

CIRCUIT JUDGE.

We are authorized to announce J. M. BENTON, of Clark county as a candidate for Circuit Judge in the 25th Judicial district, subject to the action of the Democratic party.

COMMONWEALTH'S ATTORNEY.

We are authorized to announce B. A. CRUTCHER, of Jessamine county, as a candidate for Commonwealth's Attorney, for the 25th Judicial district, subject to the action of the Democratic party.

CIRCUIT CLERK.

We are authorized to announce Mr. W. T. SPRINGER, of Clay City, as a candidate for the office of Circuit Clerk of Powell County, subject to the action of the Democratic party.

We are authorized to announce Mr. Morgan R. LYNE, candidate for Circuit Clerk of Powell County, subject to the action of the Democratic primary to be held Dec. 8, 1902.

The Democrats of New York State strike our sentiments exactly when they insert such clauses as the following in their platform as they did last week: "We advocate the national ownership and operation of the anthracite coal mines by the exercise of the right of eminent domain, with just compensation to owners. Ninety percent of the anthracite coal deposits of the world being in the State of Pennsylvania, national ownership can but be in the interests of the whole people. Fuel, like water, being a public necessity, we advocate national ownership and operation of the mines as a solution of the problem which will relieve the country from the sufferings which always follow differences between labor and capital in the anthracite mines. This course will insure peace in the mining regions and remove the cause for differences, leading not only to suffering but oftentimes to bloodshed and insurrection. It will relieve the consumers of coal, not only in this State but throughout the whole country; insure steady employment and ample compensation to labor; transfer children from the mines to school; insure, strengthen and preserve the stability of the business interests and popular institutions of our country. Whatever differences of opinion may exist over other propositions of public ownership, the propriety of that policy as applied to anthracite coal mines must be apparent to every citizen."

The above is splendid, but it does not go quite far enough, it should extend to all public utilities now controlled by the monopolies.

In the Morgan-Wolfe Legislative district H. F. Pieratt was the only one of the five candidates for the Legislature that announced in the two Democratic papers and he carried every precinct except one. Mr. Pieratt had worthy op-

ponents, but they didn't announce in their party papers. In the last primary in Clark county one very worthy gentleman attempted to run for jailor without announcing in the Democratic papers, and he only received fifty-three votes. It has been said upon good authority that a candidate was never nominated for an office in this State if he refused to announce in his party's papers and his opponents did.

Don't refer to the Republican party as the "nigger-equality party" for such is not the case. They care as little or less for the negro than do Democrats. We are not so radical as to poke such stuff at them as that. The colored brethren are receiving the black eye from all parties, only about election time, when he is honeyed almost equal to the white floater by either party that can vote him. Yet there are some few Republicans who think they have to equal themselves with the negro to be a Republican, but such is not the case. The party is not that low yet, we are proud to say, if Teddy did invite and dine with a negro. Few men of his party are following his precepts in this line.

We knew a man once that never failed to exercise his right of suffrage. He went to the district school trustee election where he had no particular business. He said he intended to vote everytime he had an opportunity, even though he knew his side was a winner, or if his side had no opposition. If all Democrats in the Tenth district were as this man—and he was a Democrat—Hopkins' majority would be over 2,000 in November. Everybody should be sure and vote. The victory can not be won if we stay at home. Go vote for Hopkins.

At West Liberty during the Congressional Democratic Convention last July, there were but two delegates registered at the hotel kept by a Republican, and one of them was the editor of this paper. The other two hotels of the town which were kept by Democrats, were running over with delegates. There are some Democratic candidates for Circuit Clerk in Powell that don't extend patronage that way.

John G. White, Republican candidate for Congress, in his "personal" letter to his brother Republicans says the campaign must be conducted very silently and the Democrats must not be given any idea of their work. The Democrats came into possession of their plans by securing one of their circular letters, and now Bro. Perry says their exposure (which must be kept secret) is making in White's favor.

Says Rev. Edward Everett Hale, D. D.: "The strike is bringing nearer the inevitable solution. This is the control or practical ownership of the mines by the State Pennsylvania or ultimately by the nation. In a Republican government it is not possible, as it is not right, that twenty men, or 50,000 men, shall control a supply which the good God has given for making."

John G. White, Republican candidate for Congress who is six feet, four inches high, will have to content himself with the ability to look over Frank Hopkins, his Democratic opponent, for he will find in November that he can't walk over him.

It is the general opinion that however speedily the coal strike

is settled the coal shortage will last practically through the winter. The mine operators and the railroads will scoop the profits and the poor will do the shivering.

There are at least two candidates for Circuit Clerk in Powell that will be on the track the day of the Democratic primary. There names may be found in our announcement column. Vote for one of these gentlemen.

This coal famine is beginning to be looked upon as a prearranged conspiracy against consumers. 80,000,000 Americans are interested to know if they are to be the passive victims of this annual game of extortion.

There have been secret conferences enough the past week to settle a dozen strikes. About all the majority of them accomplished was to increase the price of coal.

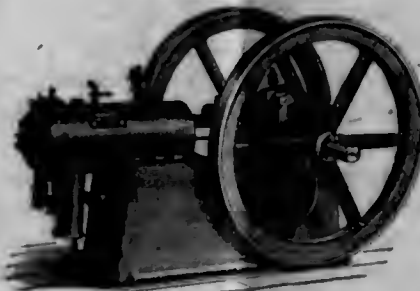

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Combine of Kentucky Coal Fields.
The report comes from New York that Leander C. May, a Chicago capitalist, who with a number of Western millionaires, controls extensive coal fields in this State, is in Wall Street arranging with other coal operators in the blue grass state for a consolidation of interests. A Chicago syndicate is said to own outright the coal and mineral rights of 425,000 acres in Morgan, Magoffin, Breathitt, Knott, Perry, Letcher and Leslie counties.

Thirty bodies taken from graves in Indianapolis, have been found in cold storage at an ice cream plant in Louisville Ky. The proprietors of the plant say they will prove the bodies were secured in a perfectly legal way, but we venture to say that their ice cream business will fall off.

Dr. Miles' Heart Cure
Effected Cure.

Heart disease is curable, but in people of advanced age it does not readily lend itself to ordinary treatment. There is, however, hope for all sufferers in Dr. Miles' Heart Cure, which we know from watching hundreds of cases and from the letters of grateful sufferers, will cure where all else has failed. It is not only a wonderful cure for weak and diseased hearts, but it is a blood tonic, a regulator of the heart's action and the most effective treatment ever formulated for improving the circulation of the blood.

"During the Civil war I contracted heart disease, and in 1864, while living in the grand old town of Lexington, Va., I grew so much worse, I left there with my wife to visit my sister-in-law, Mrs. T. A. Kirby, at Roanoke, Va. While I said nothing to anyone I never expected to live to return to the dear old town. On reaching Mrs. Kirby's she insisted I should try Dr. Miles' Heart Cure. I procured a few bottles of it, also the Nervine and Tonic. After using one or two bottles, I could see no improvement, and I despaired of ever being better, but my faithful wife insisted on keeping it up, which I did. Improvement soon began in earnest and I took in all fifteen or sixteen bottles. I was restored to perfect health and while I am 70 years old, I am comparatively a boy. You sir, are a benefactor, and I cheerfully recommend Dr. Miles' Heart Cure to suffering humanity."—J. L. SLAUGHTER, Salem, Va.

A Word to Travelers.
The excitement incident to traveling and change of food and water often brings on diarrhoea, and for this reason no one should leave home without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by all dealers in patent medicine.

It is very disappointing and startling news to the people of Powell county to learn that County Clerk W. G. Frazier has been found short in his accounts by State Inspector and Examiner Henry B. Hines. The report shows a shortage on licenses from January, 1898, to September 1, 1902, of \$875.50, and on deeds, marriage licenses and mortgages, for which tri-yearly report was not made, of \$108; total, \$983.50. After giving credit of commission of \$49.20, leaves a total shortage of \$934.30.

The Northern and Southern Synods of the Presbyterian Church in Kentucky, met in joint session at Lexington to celebrate the centennial of the formation of the Kentucky Synods. It will be the most important day for Presbyterianism ever known in this State. Rev. R. A. Irvin is attending as a delegate from Clay City, Beattyville, Stanton and St. Helens. Rev. Logan Irvin, son of Rev. R. A. Irvin, is delegate from Vanceburg.

Stricken With Paralysis.
Henderson Grimett, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—Geo. R. McDonald, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. For sale by all dealers in patent medicine.

The TIMES for the news.

Asa B. Chinn, a noted merchant of Lexington was shot and instantly killed in his own home early Saturday morning, and his son who opened fire on the burglars from an adjoining room, may be fatally wounded. The police have arrested Earl Whitney and Claude O'Brien tramps who are subjects, and strong evidence against them has been obtained.

KENTUCKY.

A Typical South African Store.

O. R. Larson, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by all dealers in patent medicine.

"If women would pay more attention to their health, we would have more happy wives, mothers and daughters, and if they would observe results they would find that the doctors' prescriptions do not perform the many cures they are given credit for."

"In consulting with my druggist he advised McBee's Wine of Cardui and Thord's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

Wine of Cardui is a regulator of the menstrual functions and is a most astonishing tonic for women. It cures scanty, suppressed, too frequent, irregular and painful menstruation, falling of the womb, whites and flooding. It is helpful when approaching womanhood, during pregnancy, after childbirth and in change of life. It frequently brings a dear baby to homes that have been barren for years. All druggists have \$1.00 bottles of Wine of Cardui.

ARE YOU DEAF? ANY HEAD NOISES?

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE by our new invention. Only those born deaf are incurable. HEAD NOISES CEASE IMMEDIATELY. F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours, F. A. WERMAN, 730 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation. Examination and advice free. YOU CAN CURE YOURSELF AT HOME at a nominal cost. INTERNATIONAL AURAL CLINIC, 595 LA SALLE AVE., CHICAGO, ILL.
